

Professor Anisul Haque

Electrical and Electronic Engineering
East West University
Dhaka, Bangladesh

Biography: Dr. Anisul Haque is currently serving as a professor in the Department of Electrical and Electronic Engineering (EEE) at East West University (EWU). He has also served as the Dean, Faculty of Sciences and Engineering, EWU from December 2007 to December 2008 and Chairperson, Department of EEE, EWU from January 2006 to March 2012. He received his PhD from Clarkson University, USA in 1996 and MS from Texas A & M University, USA in 1992. He also earned another MS from Bangladesh University of Engineering and Technology (BUET), Bangladesh in 1989 and BS from BUET in 1987. Prof. Haque started his academic career as a lecturer in the EEE Department, BUET. He was a professor in the same department until December 2005. He served as a Visiting Researcher with the Research Center for Quantum Effect Electronics, Tokyo Institute of Technology, Japan, from 2002 to 2004. Prof. Haque has also been a Visiting Faculty Member with Clarkson University, USA (1997, 1998 and 2001), University of Connecticut, Storrs, USA (1999), and the Tokyo Institute of Technology, Japan (2005).

Prof. Haque's research interests are in physics, modeling, simulation, and characterization of nano-scale electronic and photonic devices. He is also interested in engineering education. Prof. Haque has published more than 40 papers in refereed international journals with high impact factors. Prof. Haque is a senior member of IEEE and is a life member of Bangladesh Physical Society. He is the founding Chair of IEEE Electron Devices Society, Bangladesh Chapter. Prof. Haque has been serving as a Distinguished Lecturer of IEEE Electron Devices Society since 2009. Since 2010, he has been serving as an editor of IEEE Transactions on Electron Devices. He was appointed an associate editor of IEEE Access, the first open access mega journal from IEEE, in 2013. He is the recipient of the University Grants Commission Award 2006 for research in engineering and technology. Prof. Haque has also been awarded the Gold Medal from the Bangladesh Academy of Science in 2010 for his work in physical sciences (senior category).
